

Application For Dutch VAT refund

For EU entrepreneurs

Why this form?

You can use this form to request a refund of Dutch VAT. You may only use this form if your company is based in the EU and you cannot submit your application for a refund digitally to the tax authorities in the country in which you are based.

Period to which your application must relate

Your application must relate to a minimum period of 3 months and a maximum period of one calendar year. The refund period may only be less than 3 months if it concerns a remaining part of a calendar year.

Minimum amounts for a refund

The amount for a refund must be at least:

- € 400 if your application relates to a minimum period of three months, but not a full calendar year
- € 50 if your application relates to a period of at least 1 calendar year, or the remaining part of a calendar year

What should you enclose?

Enclose with your written application the following statements from the tax authorities of the EU country in which you are based:

- a 'Certificate concerning the capacity of the taxpayer' showing that you are an entrepreneur subject to VAT
If you have already submitted such a statement which is no more than 1 year old, there is no need to send a new statement.
- a statement showing that you are unable to request a refund of Dutch VAT digitally from the tax authorities in the EU country in which you are based

Also enclose original invoices or import documents. These documents must show the amounts of VAT you have paid. The application may relate to more than 1 invoice or import document. We will return the original documents to your correspondence address.
