Re
Digital tax return: your user name

Dear Sir/Madam,

In order to file a digital tax return, you must log into the secure section of www.belastingdienst.nl. You will need a user name and password for this. This letter contains your user name for the Legal Entities and Partnerships Identification Number (RSIN)/tax reference number/Citizen Service Number (BSN).

Your user name is: <user name>
Your password will be sent to you in another letter in a few days.

Your user name and password are case-sensitive.

When do you need your user name and password?

If you are an entrepreneur, you will need your user name and password to log into the secure section for entrepreneurs.

If you are a non-resident taxpayer, you will need your user name and password to log in for your digital income tax return for non-resident taxpayers.

If you call the Tax Information Line about your personal or company details, please keep your user name at hand. We may ask you for the last three digits.

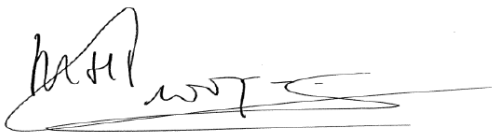

Do you have any questions?

Are you an entrepreneur? Check www.belastingdienst.nl/zakelijk or twitter with @BDzakelijk.

Are you a non-resident taxpayer? Check www.belastingdienst.nl/internationaal.

Yours faithfully,

the inspector

M.H.J. Crooijmans
