Explanatory notes to the questions

2 Country of shipping/destination

Under vice versa, tick 'yes' if you are travelling with the same goods via the Netherlands on both outward and return journeys. Tick 'no' in all other cases.

3a, 4a, 5a EORI number, RSIN, VAT number, BSN, personal number

Are you a business customer? Then please enter your EORI number. Do you not have an EORI number? Then enter your RSIN. Are you a business customer from abroad without an EORI number? Then enter your VAT number. Are you a private individual? Then enter your BSN. Are you a private individual from abroad? Then enter your personal number.

Are you an arms dealer? You are considered an arms dealer if you hold the required permit. This is a permit to handle weapons on a professional basis (e.g. trade, hire, manufacture, repair, conversion).

3b, 4b, 5b Identification

Fill in this question if you are a private citizen.

6 Weapons/ammunition

State the usual trade name or description here. Be as specific as possible so that it is clear which goods are involved.

6g CIP tested

Commission Internationale Permanente pour l' épreuve des armes à feu portatives (C.I.P.)

The 'Permanent International Commission for the Testing of Small Arms' grew out of an international agreement concluded in Brussels on 15 July 1914, under the guidance of the Liège Test Bench, between Belgium, Germany, France and Italy, originated in international law the treaty establishing governmental tests of firearms. For more information on this and on member countries visit <http://www.proefbankstempels.nl/> (only available in Dutch).

6h Category Directive (A,B,C)

State the category where the weapon belongs to according to Directive (EU) 2021/555. The categories are:

Category A — Prohibited firearms

- 1 Explosive military missiles and launchers.
- 2 Automatic firearms.
- 3 Firearms disguised as other objects
- 4 Ammunition with penetrating, explosive or incendiary projectiles, and the projectiles for such ammunition.
- 5 Pistol and revolver ammunition with expanding projectiles and the projectiles for such ammunition, except in the case of weapons for hunting or for target shooting, for persons entitled to use them.
- 6 Automatic firearms which have been converted into semi-automatic firearms, without prejudice to Article 10(5).
- 7 Any of the following centre-fire semi-automatic firearms:
 - a short firearms which allow the firing of more than 21 rounds without reloading, if:
 - i a loading device with a capacity exceeding 20 rounds is part of that firearm; or
 - ii a detachable loading device with a capacity exceeding 20 rounds is inserted into it;
 - b long firearms which allow the firing of more than 11 rounds without reloading, if:
 - i a loading device with a capacity exceeding 10 rounds is part of that firearm; or
 - ii a detachable loading device with a capacity exceeding 10 rounds is inserted into it.
- 8 Semi-automatic long firearms (i.e. firearms that are originally intended to be fired from the shoulder) that can be reduced to a length of less than 60 cm without losing functionality by means of a folding or telescoping stock or by a stock that can be removed without using tools.
- 9 Any firearm in this category that has been converted to firing blanks, irritants, other active substances or pyrotechnic rounds or into a salute or acoustic weapon.

Explanation of the questions *(continued)***Category B — Firearms subject to authorisation**

- 1 Repeating short firearms.
- 2 Single-shot short firearms with centre-fire percussion.
- 3 Single-shot short firearms with rimfire percussion whose overall length is less than 28 cm.
- 4 Semi-automatic long firearms whose loading device and chamber can together hold more than 3 rounds in the case of rimfire firearms and more than 3 but fewer than 12 rounds in the case of centre-fire firearms.
- 5 Semi-automatic short firearms other than those listed under point 7(a) of category A.
- 6 Semi-automatic long firearms listed under point 7(b) of category A whose loading device and chamber cannot together hold more than 3 rounds, where the loading device is detachable or where it is not certain that the weapon cannot be converted, with ordinary tools, into a weapon whose loading device and chamber can together hold more than 3 rounds.
- 7 Repeating and semi-automatic long firearms with smooth-bore barrels not exceeding 60 cm in length.
- 8 Any firearm in this category that has been converted to firing blanks, irritants, other active substances or pyrotechnic rounds or into a salute or acoustic weapon.
- 9 Semi-automatic firearms for civilian use which resemble weapons with automatic mechanisms other than those listed under point 6, 7 or 8 of category A.

Category C — Firearms subject to declaration

- 1 Repeating long firearms other than those listed in point 7 of category B.
- 2 Long firearms with single-shot rifled barrels.
- 3 Semi-automatic long firearms other than those listed in category A or B.
- 4 Single-shot short firearms with rimfire percussion whose overall length is not less than 28 cm.
- 5 Any firearm in this category that has been converted to firing blanks, irritants, other active substances or pyrotechnic rounds or into a salute or acoustic weapon.
- 6 Firearms classified in category A or B or this category that have been deactivated in accordance with Implementing Regulation (EU) 2015/2403.
- 7 Single-shot long firearms with smooth-bore barrels placed on the market on or after 14 September 2018.

7c Place of transit in the Netherlands

State the name and place of the airport or seaport.

7j Dutch military transit licence

Fill in the Dutch transit licence number for military goods NL007 or NL008.
